

MISSION STATEMENT & VISION
FOR
THE PRESBYTERY OF BOISE
ADOPTED: FEBRUARY 8, 2014

1. Mission Statement:

As Boise Presbytery we are a covenant community of congregations, ruling elders and teaching elders joining together in mission offering mutual support, providing for worship and sacraments, nurturing faithful disciples of Jesus Christ and connecting with the councils of the Presbyterian Church, U.S.A. in solidarity with our ecumenical partners and with the interfaith community.

2. Our Vision:

We envision a presbytery in which there is dedicated service of teaching and ruling elders, and the full participation of congregations. We propose that we work together as a presbytery and as committees to carry out the responsibilities of a presbytery described in the form of Government G-3.03. We also propose that in addition to the mission projects of congregations, that the presbytery develops mission projects that all congregations can support through personal involvement and financial contributions.
